## EDUCATION

---

<b>Master of Computer Applications</b>	2023 - 2025
Guru Gobind Singh Indraprastha University (USICT)	78.8%
<b>Bachelor of Computer Applications</b>	2019 - 2023
Indira Gandhi National Open University.	

## SKILLS

---

<b>Language:</b>	Java, Python, HTML, CSS, Javascript.
<b>Frameworks:</b>	Hibernate, Spring Boot, Spring MVC
<b>Development Tools:</b>	IntelliJ IDEA, Eclipse IDE, Postman, Git.
<b>Database:</b>	MongoDB, MySQL.
<b>Concepts:</b>	Object Oriented Programming, Data Structures and Algorithm.
<b>Soft Skills:</b>	Problem Solving, Communication.

## CERTIFICATE

---

<b>Core and Advance Java</b>	July 2021 - Dec 2021
BBCE	

- Completed industry-focused training covering Core Java (OOPs, Collections, Exception Handling) and Advanced Java (JDBC, Servlets, JSP).
- Gained hands-on experience by building small console and web-based applications during training.
- Strengthened understanding of Java development lifecycle, modular programming, and database connectivity.

<b>Web Application Developer (Training)</b>	May 2018 - May 2019
NSQF Level-4 Certification — Skills India & CBSE — 1 Year	

- Successfully completed NSQF Level-4 training in Web Application under Skills India, certified by CBSE.
- Gained practical knowledge in HTML, CSS, JavaScript, PHP, and basics of web hosting and databases.
- Developed basic web applications as part of hands-on modules, focusing on responsive design and user interaction.

## PROJECTS

---

**Real Time Chat Application.** Built a full-stack chat application with instant messaging using WebSocket and backend APIs in Spring Boot. Developed a robust and scalable system architecture with Java, and crafted an interactive UI using React and Tailwind CSS. Over WebSocket, messages are delivered in real time with persistent storage in MongoDB. ([Link](#))

**Car Rental System.** Developed a backend system to manage vehicle inventory, rental bookings, and return operations. Used Java for backend logic and MySQL for efficient data storage, ensuring a scalable and maintainable architecture for real-world rental scenarios. ([Link](#))

## ACHIEVEMENTS

---

- NIMCET AIR 1045.
- Solved 250+ algorithms on [LeetCode](#) and [GeeksforGeeks](#), enhancing DSA skills.
